

CHESTNUT HILL COLLEGE

Admissions Recommendation Program

Chestnut Hill College has long recognized that some of our brightest and most successful students are referred by those who know us best.

As a member of our college community, we value your ability to identify exceptional prospective students who can contribute to our campus and benefit from a Chestnut Hill College education.

We encourage you to continue to recommend qualified students to the College. Through the Admissions Recommendation Program (ARP), prospective students to any of our three schools will have their application fee waived as a result of your personal recommendation.

There is no limit to the number of students you recommend to us through the ARP Program. To request additional waiver forms, contact the Office of Enrollment Management at (215) 248-7001.
